Leaders in non-profit organizations and community groups increasingly understand that volunteers can be a critical resource for delivering on a mission. Take the next step in your career as a leader of volunteers and become certified in Volunteer Administration (CVA).

Leaders in non-profit organizations and community groups increasingly understand that volunteers can be a critical resource for delivering on a mission. Effective people management and community engagement is imperative – whether they be paid or unpaid. As a result, employers expect that those individuals tasked with mobilizing and coordinating volunteer engagement demonstrate a thorough knowledge of effective practices and an understanding of how to apply that knowledge in support of real-world organizational priorities.
